Sarah AlMaiman
UXUI Designer

About me

An artist, and a UXUI designer. I am always looking for inspirations and new experiences. After finishing my course with General Assembley, I was selected by HUED - one of the top best design agencies in Riyadh- for a UI position. I believe with my understanding of art, UX research and design, I am able to effectivley improve the user experience.

Experience

2020 - present
UIUX Design Officer
stc pay

Diving deeper into the UIUX world, by focusing on a single product, and learning the process from business, development, design, and anyone whose involved in the development process point of view.

2020
UIUX Designer
HUED for Design and Innovation

Worked with diffirent big clients, like stc, AlRajhi Takaful, and SDB. Working in a bit of everything, and different roles, starting from communicating with clients, understanding business needs, research, design and facilitating in service design workshops.

2015-2019
Visual designer
Freelancer

I improved my technical skills, learned to work and communicate effectively with different clients, local and international, whilst instilling my creative identity in my work.

Education

2019
UX Design Immersive course
General Assembley - Misk Academy

In this 300hrs program, I was able to learn and work alone and with teams on UX projects with the use of different methods of user research and design tools.

2010 - 2015
Bachelor of Dental Surgery
Riyadh AlElm University

Through out my studies, I was able to work on my time managment, presentation and research skills, as I published 6 research papers, won 1st place award at the undergraduate research contest.
